Together, we now have the ability and resources to comfort and love animals who would otherwise suffer needlessly in 2017.

Our Mission is to rescue and rehabilitate the homeless animals in Bella Vista. We provide food, shelter and medical care for animals in need until they can be adopted into loving homes. These are animals that would otherwise be left to search for food and defend themselves against predators.

When you join the BVAS, your tax deductible membership contribution will be administered properly and economically, improving the lives of our furry friends. We greatly appreciate your support.

Please mail or bring your donation to the shelter today. We would love to meet you.
